Introduction

■ WE ARE THE NEW EMERGE

Beyond Beige, the distinguished interior design company based in Dubai, proudly stands as a women empowering organization with its exclusive women's only team. Recognizing the historical challenges and strides made in women's rights in the Middle East, Beyond Beige has taken commendable initiatives to contribute positively to the region. By fostering a women-centric work environment, Beyond Beige not only provides a platform for women to excel in their careers but also serves as an inspiration and catalyst for change. The company actively promotes gender equality through various initiatives, such as mentorship programs, leadership development opportunities, and networking events, aimed at empowering women professionals within the industry. By embracing and nurturing the talent and potential of its all-women team, Beyond Beige is breaking barriers, challenging stereotypes, and setting an example for other organizations in the Middle East. Through their commitment to women's empowerment, Beyond Beige contributes to the ongoing journey of advancing women's rights and equality in the region, fostering a more inclusive and progressive society for all.

Design

■ Jumeirah island villa

Our interior work in Jumeirah Island features modern designed interior spaces that are both sleek and sophisticated. The space has a minimalist aesthetic, with clean lines and a cohesive color scheme, creating a sense of openness and airiness.

We used high-end furniture to elevate the overall look and feel of the room, with comfortable and stylish seating options that are both functional and elegant.

The big windows provide ample natural light, which is complemented by the soft color palette used throughout the living room. The contemporary artwork and decor add a pop of personality to the space. Overall, it's a stunning modern living.

Toilets adorned with tasteful accents and a subdued color palette, allowing the design to speak volumes through its simplicity. Our selection of fixtures and fittings are carefully curated to blend seamlessly with the overall aesthetic, enhancing the overall ambience of the space.

■ Jumeirah island bedroom

Inspired by a palette of calming beige and refreshing green, this design narrative unfolds with a symphony of elegance. Two arch mirrors on either side serve as reflective portals, enhancing the cozy allure of carefully chosen furniture. Within this space, the interplay of colors and shapes weaves a tale of timeless sophistication, where comfort meets style in a seamless dance of aesthetics.

■ Jumeirah park villa

The interior space design of the villa in Jumeirah Park, Dubai, embodies the essence of Wabi-Sabi. With a focus on simplicity and natural beauty, the design incorporates elements such as rough-hewn wooden furniture, and exposed textured walls. The color palette remains neutral, creating a calming atmosphere. Embracing imperfections, the villa showcases the unique charm of aged surfaces and uneven textures.

Abundant natural light floods the space through large windows, enhancing the connection with the surrounding environment. Minimalist furnishings and carefully curated decor items, along with the presence of indoor plants bring a sense of tranquillity and harmony to this Wabi-Sabi-inspired interior.

■ Landscape design

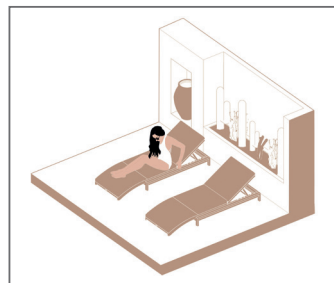

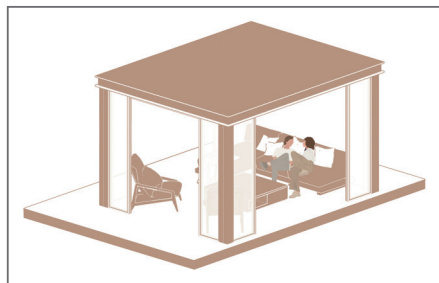

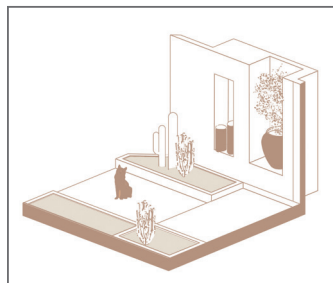

This landscape design with a long pool and a featured wall is a beautiful and functional space that incorporates a variety of elements to create an inviting outdoor oasis. The long pool is perfect for swimming laps or lounging in the sun, while the featured wall provides a focal point for the space. The wall includes niches for a pot, planter box, and a shower area, which add practicality and functionality to the design.

Greek style featured wall is a stunning outdoor space that seamlessly blends classic and contemporary elements.

■ Esya soft Dubai

Esyasoft is an office with green space is the perfect reflection of our clients ideals of being environmentally friendly, especially in terms of their electric power system. Our design incorporates natural elements and greenery, creating a positive and healthy work environment for employees. The CEO office entrance is a striking and unique feature of our project. The entrance features a curved glass wall on both sides, with lush green plants growing on either side, creating a natural and inviting atmosphere.

CEO

Esysa soft in London interior with a minimal design using light color furniture creates a sleek and modern atmosphere. The use of white creates a clean and fresh look, while the glass finishes add a sophisticated touch. The minimalist design emphasizes simplicity and functionality, with minimal clutter and distractions.

Design and execution

■ Garage

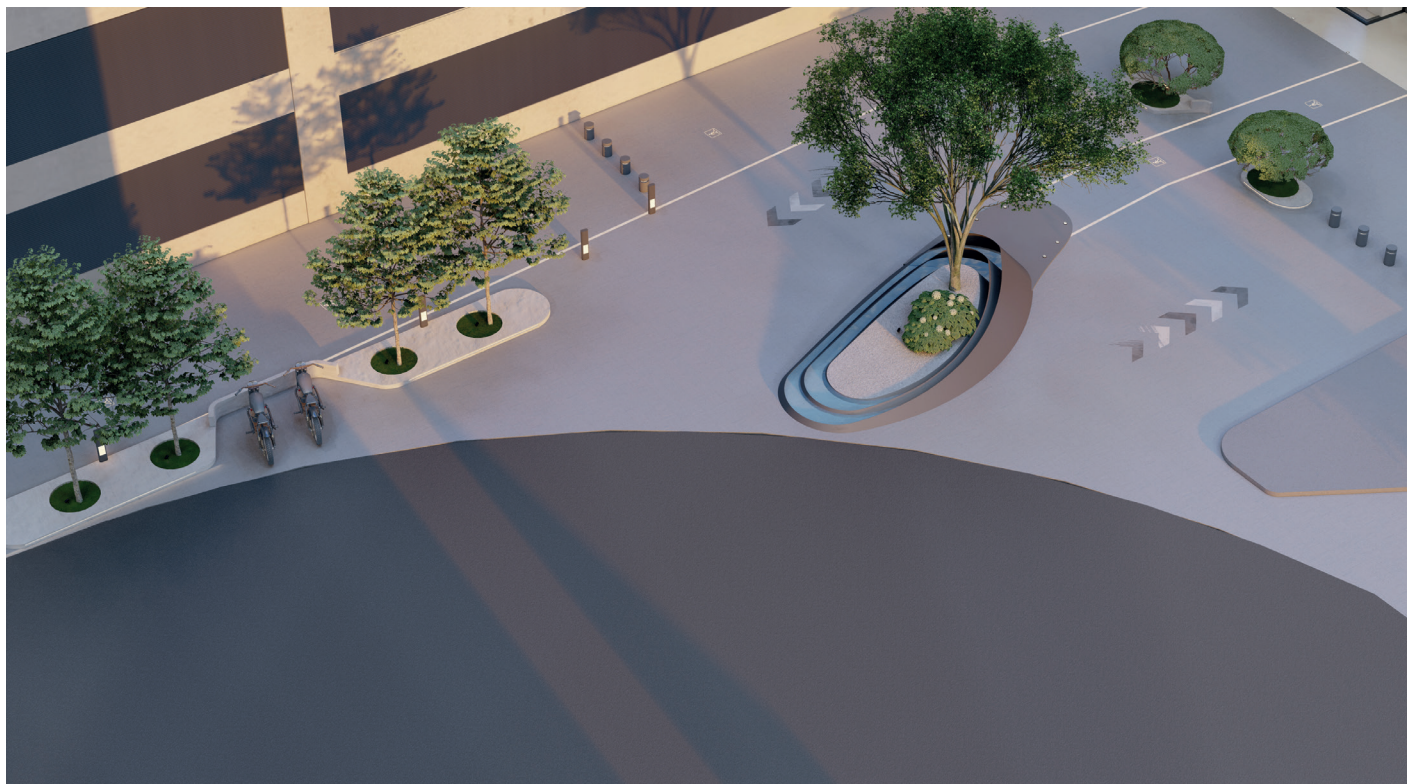

Creative Transformation: Garage turned gaming and bar area.
Aesthetic Appeal: Graffiti art, rustic walls, and harmonious textures.
Elegant Bar: Glass-top design with organized storage. Italian
Influence: Stylish furniture and decor.

■ Marina tower

- Revitalize the entrance experience of a prominent residential complex in Dubai.
- Transform the apartment lobby and external arrival landscape to create a modern, luxurious ambiance reflecting the city's vibrant spirit.
- Incorporate premium materials, elegant lighting fixtures, and contemporary furnishings.

Marina tower walkthrough
by scanning the QR code

Revamp the entrance lobby of the apartment by incorporating a friendly waiting lounge, maintaining the existing cladding, and harmonizing the design. Enhancements include additional wall claddings and landscaped areas.

A tranquil haven for mindful fitness emerges as natural light, earthy tones, and minimalist architecture unite seamlessly. Windows strategically invite the dance of natural light, enveloping the space in a serene atmosphere.

■ Marina tower common areas | Gymnasium

Elevating the gym experience with design featuring an oak finish veneer louver ceiling for natural warmth, strategic openness for a spacious feel, and mirrors enhancing functionality and aesthetics. A harmonious blend of form and function.

■ Ladies salon

The Minimalist Salon keeps things simple and elegant, giving clients a peaceful place to relax and take care of themselves.

The reception area welcomes visitors with an uncluttered space featuring a minimalist desk and cozy seating. Furniture and fixtures are chosen for their sleek designs and functionality, ensuring comfort without sacrificing style. Decor accents are kept minimal, with subtle touches.

The Minimalist Salon provides a tranquil haven where clients can relax and rejuvenate in a clutter-free environment, embracing the beauty of simplicity»

■ Apartment in Marina tower

Apartment in Marina tower , where we showcase the beauty of minimalist interiors with earth tones. By incorporating earth tones, we are able to create a warm and welcoming environment that is both modern and timeless.

We delve into the use of natural materials, such as wood, stone and fabric, to add texture and depth to the space. By incorporating natural elements, we are able to connect with the environment, creating a sense of tranquility and calmness. Our expert designers showcase how less can indeed be more, and how a functional space free of clutter and unnecessary decorations can create a calming atmosphere that is perfect for unwinding after a long day.

This minimal interior design is a perfect combination of simplicity and elegance. The grey wall with white molding adds texture and depth to the space, while the white fabric comfortable sofa provides a cozy and inviting place to relax. The addition of a white magnolia flower plant brings a touch of nature into the room, creating a calming environment. This lobby space in an apartment is a beautiful example of how natural elements and rustic accessories can create a warm and inviting environment. The black frame mirror, rattan chair, jute round rug, and black rustic accessories create a cozy atmosphere that is perfect for guests to wait and relax. The addition of a green plant in the corner adds a pop of color and life to the space, making it feel fresh and welcoming.

Thank You
